

INGROUND LIMES OPAL TUNABLE WHITE

INGROUND LIMES OPAL TW is a high-performance linear LED in-ground luminaire engineered for seamless architectural lighting integration. Designed specifically for driveways, pathways, and building facades, this robust dynamic fixture delivers a continuous, uniform line of adjustable white light. Featuring tunable white technology, it allows for seamless transitions between warm and cool white tones to create the perfect ambiance. Featuring a heavy-duty extruded aluminum housing and a highly durable diffuser, it ensures maximum resistance against mechanical impact and harsh environmental conditions. Operating on a safe 24V DC low-voltage system DMX512 control compatibility, it offers exceptional energy efficiency.

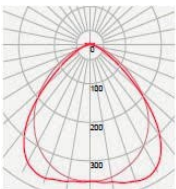

PRODUCT SPECIFICATIONS

- INPUT VOLTAGE: 24V DC
- POWER CONSUMPTION: max. 2 x 14W/m
- LIFETIME: > 60 000 hours
- LUMINOUS FLUX: CH1 2700 K - 86lm/W, CH2 6500 K - 93lm/W; CH1 AMBER - 75lm/W, CH2 4000 K - 93lm/W
- LED DEVICE: PREMIUM quality LED strip
- LED VARIANTS: 2700-6500 K or 1700-4000 K
- LENGHT: 318mm to 1461mm
- OPERATING TEMPERATURE: range -35°C to +50°C
- ENVIRONMENT: for outdoor IP68
- MATERIALS: Extruded aluminium housing, extruded aluminium sleeve, PC diffuser
- CONTROL : DMX DRIVER (INTEGRATED) + POWER SUPPLY 24V DC
