

PIPE DECO RGBW 500mm, 700mm

A premium decorative RGBW pendant luminaire engineered from sleek aluminum, featuring a striking patterned body that transforms ordinary light into a captivating artistic statement.

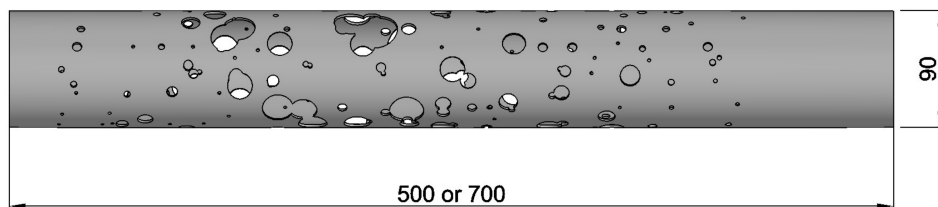

Designed strictly for indoor architecture, the housing integrates precision-cut slots that create a unique visual effect. Equipped with specialized narrow-beam optics and dynamic RGBW color-mixing technology, it projects an ultra-focused, dramatic beam of vibrant colored or pure white accent light downward, sculpting clean, atmosphere-defining illumination on counters, tables, or high-end design details without any unwanted spill.
