

PRECIGOBO PROJECTOR 300W

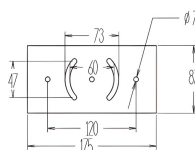

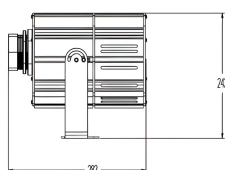

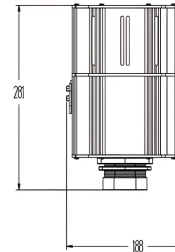

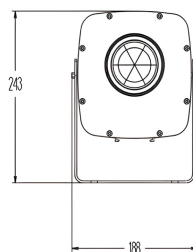

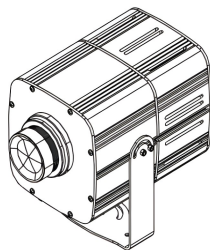

The PRECIGOBO PROJECTOR 300W is a high-performance projection luminaire designed for versatile outdoor and architectural lighting. Featuring a robust aluminum profile with an oversized body design, it ensures superior physical heat dissipation for reliable, long-term operation. Delivering an impressive 28,000 lumens, the projection remains crisp and clear even over extreme distances. With an IP65 rating and multiple optional beam angles (12°/20°/30°/60°), this fixture is ideal for atmospheric lighting in outdoor parks, tunnels, cultural tourism landscapes, and high-altitude architectural projections. It supports various control protocols, including DMX512, to suit diverse project requirements.
