

PRECIGOBO PROJECTOR 600W

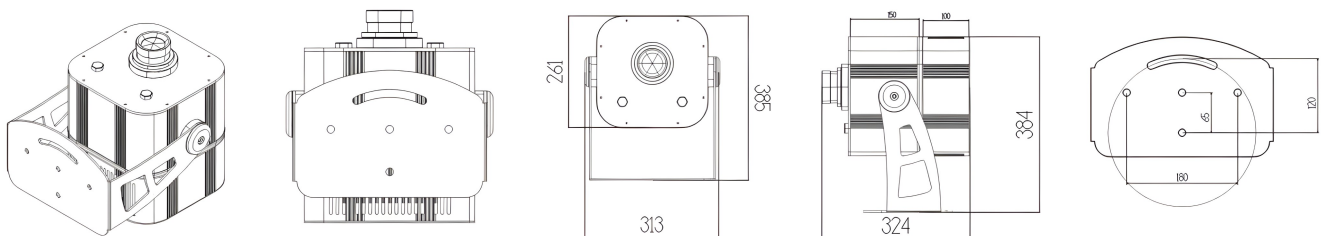

The PRECIGOBO PROJECTOR 600W is an ultra-high-performance projection luminaire designed for large-scale outdoor and architectural lighting. Powered by a premium MEAN WELLpower supply and a heavy-duty aluminum body, it ensures maximum stability and superior physical heat dissipation for demanding long-term operations. Delivering a breathtaking 57,000 lumens, it guarantees razor-sharp, high-contrast projections over extreme distances and high-altitude facades. With an IP65 rating and professional beam angles (20°/30°/60°), this fixture represents the ultimate heavy-duty solution for high-impact visual projections in outdoor parks, tunnels, and cultural tourism landscapes. It fully supports DMX512 and various advanced control protocols to suit diverse project requirements.
