

PRECIGOBO PROJECTOR RECESSED 10W

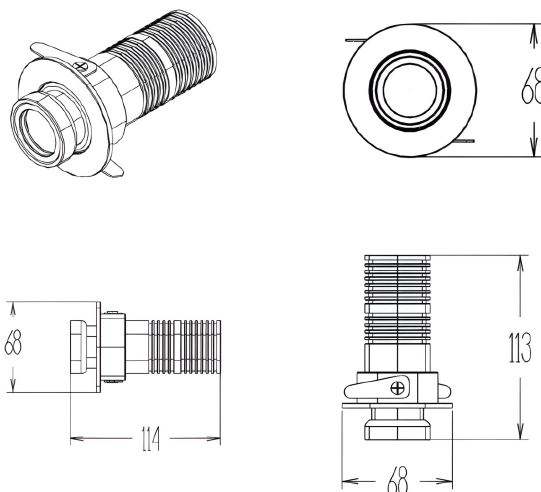

The PRECIGOBO RECESSED PROJECTOR 10W is an ultra-compact, high-performance recessed projection luminaire designed for subtle indoor and architectural applications. Featuring a super small lamp body with advanced physical heat dissipation, it integrates seamlessly into ceilings while delivering a crisp and impressive 1,000 lumens of brightness. With an IP50 rating and a precise 20° beam angle, this fixture is an ideal solution for shopping malls, exhibition halls, and high-end commercial interiors. It offers reliable static pattern projection, making it perfect for creative signage, branding, or emergency guidance systems where space is at a premium.
